Regan joined FutureSense in June of 2011 as Administrative Coordinator. She is responsible for supporting the consulting team on all of the consulting, marketing and sales initiatives for the firm.

She earned a Bachelor of Arts in English with an emphasis in American literature and grammar from The Ohio State University in Columbus, Ohio. Her passion for American literature and grammar lead her to pursue a career in teaching. She earned her single subject teaching credential in English from National University in Costa Mesa, California. Even this die-hard Buckeye could not be kept from the conveniences of Southern California.

She taught English and science, but eventually her passion for teaching, people, and business brought her to human resources. She fell naturally into the roll as a human resources representative, working for a wastewater management company. Her focus was employee training, benefits administration, and new hire coordination.

Regan resides in Ladera Ranch, CA with her husband and two children. She is an active participant in her children's school; volunteering in their classrooms and serving as Family Fun Night Chair on the PTA. She is an avid sports fan and enjoys coaching AYSO soccer, cheering for her children in all of their extracurricular activities, and supporting her husband as the head football coach for a local high school. She is a supporter of the Early Literacy Program of Orange County and the Susan G. Komen Foundation.
